

TG-AH1/PT1000

Clamp-on sensor

Temperature sensor with PT1000 element for surface temperature measurement.

- Simple mounting
- Delivered with a metal strap for easy fastening
- Large contact surface
- Modern design and compact format

TG-AH1/PT1000 is a temperature sensor in the Tempero range with a modern design that suits all environments. It is intended for clamp-on mounting.

Simple mounting

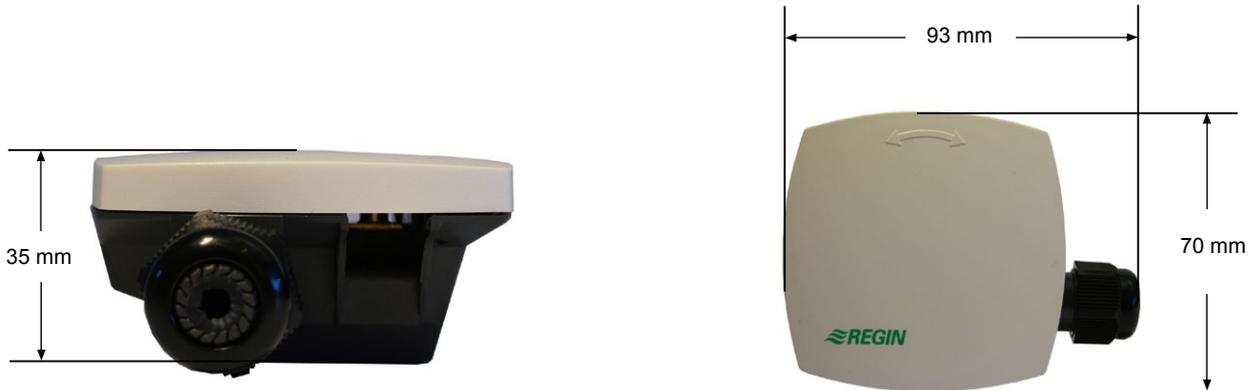

The sensor is delivered with a metal strap and contact paste. The construction of the strap makes it easy to fix the sensor to the pipe.

High accuracy

TG-AH1/PT1000 gives good readings due to its large contact surface.

Technical data

Temperature range	-20...+120°C
Sensor element	PT1000, DIN class B
Time constant	5 s
Cable gland	M16
Protection class	IP42 (or IP40 depending on the mounting position)
